

Project: Utah Transit Authority -- Cooperative Planning Program

Recipient: Utah Transit Authority

Location: Salt Lake City, Utah

Purpose: Utah Transit Authority, The Mountainland Association of Governments (MAG) and the Wasatch Front Regional Council (WFRC) jointly request \$1 million in FY 2011 funds for the purpose of conducting a home interview survey to improve the accuracy of the regional travel demand model. The data is critical to the evaluation of need and cost effectiveness of both federal and local projects of all sizes. The accuracy of the estimates of use is the basis of the capacity and cost of highway and transit projects. Consistency in procedures is critical to comparing alternative transportation investments.

Amount: \$1,000,000
